DETAILED ACTION

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel Claims 12-19 and 27-29.

Claims 1-11 and 20-26 were elected without traverse. Therefore, the cancellation of the nonelected Claims by Examiner's amendment without authorization on the Applicants' part is proper.

Allowable Subject Matter

Claims 1-11 and 20-26 are allowed.

The following is an examiner's statement of reasons for allowance: The closest art known to the Examiner is listed on the attached PTO 892 form. None of the references or combinations thereof disclose or suggest a connecting layer to connect a cap with a structured layer, wherein the connecting layer is formed by an anodically bondable glass having a thickness in a range of 300 nm to 100 micrometers. Therefore, the present Claims are allowable over the cited prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
